Term 4 Week 2- 22nd October, 2018

Dear Parents,

Welcome back everyone for the final term for this year. I am very happy to return to school after my absence. Last week has been a relearning week for me and it has been very pleasing to observe all of the programs that have been happening and planned in my absence.

I have had eleven wonderful years leading this school, but will be retiring at the end of this year. In the near future my position will be advertised and interviews will be held by a panel of five people to appoint the best person to fulfil the role. The panel includes a parent, a staff representative, a local AECG representative, a Principal from another school and will be led by the School Education Director

Thank you to all Parents who have returned the student voucher. All children K-6 are now enjoying challenging fitness activities and boxing and ninja skills during recess and lunch and twice each week.

Best wishes every one

Tell Them from Me Survey-Have your say!

We would like to invite parents to participate in the 'Tell Them from Me Survey.' This survey provides the school with valuable information about the values of our school community. The survey helps to inform our planning processes and is a great opportunity for parents to have a say in our school.

To participate in the survey, type the link below into your browser and follow the steps. Alternatively, the library will be available after the assembly on Friday. Mrs Whittles and our senior leaders will assist parents to access the survey.

Every day counts – School success starts with attendance

It is essential to establish a regular routine each morning and arriving at school on time is an important part of your child's morning routine.

It is important to be at school on time because:

- It sets up good habits for the future.
- It provides social benefits – good play time and discussion among friends.
- The school day usually begins with the teacher giving out information to students. Eg. Any changes to school routines, coming events etc.
- It is an opportunity for important teacher pupil interaction before school.
- There is plenty of time for ordering lunches if needed.

Busy Bees SPS Top Tip 3: Using describing words to make longer sentences

- A great way to build a child's vocabulary (words they understand and use) as well as sentence length is through our own models of language.
- The perfect opportunity we have to jump in and model language can be when our child makes a comment e.g. they say 'a lion' or 'the bus is big' when reading books, looking at pictures, watching movies or in everyday conversation.
- If your child uses a phrase like 'the bus is big', you can model a longer sentence by describing other features of the bus. An example could be "the big yellow bus has lots of windows" or "the bus is long and yellow".
- It is important to follow a structured sentence e.g. the item is (size) (shape) (colour). It has (component names). It feels (texture words).
- Features you can describe are:
 - Size (e.g. large, huge, long,
 - Shape (e.g. round,
 - Colour + Patterns (e.g. straight lines, swirly lines)
 - Texture (what it feels like)
 - Parts of the object (windows, doors, eyes, nose etc)
- The most important part is to get creative and have fun with it.
- A fun game to play is to choose 5-10 items from home and pop them in a bag. Have your child select an item from the bag as their target item to describe. You can help them as much or as little as needed. The more describing words they use the better!
