Creating Chances Program

Dear Parents/Caregivers,

Creating Chances is working with Sarah Redfern High School on a youth leadership and community development program which supports students in Primary School. Creating Chances is a charitable organisation focused on experiential youth development and sport is the vehicle used to engage, frame and demonstrate a range of skills to develop emotional intelligence, leadership and social responsibility.

In Term 3, students in Stage 3 have the opportunity to participate in this program once a week over a 6 week period. The Creating Chances program is free and available to all students in Stage 3 at The Grange Public School.

If you have any further questions, please contact your child's classroom teacher.
